MEMORANDUM FOR: Deputy Director of Central Intelligence

Deputy Director for Intelligence Deputy Director for Operations

FROM:

Director of Central Intelligence

I don't like the procedure whereby a liaison officer feels no substantive responsibilities when he gets people on my schedule for courtesy calls. If and to spend the time on a courtesy call I would think that the Desk Officers would accept the responsibility for whatever the visitor is involved in. He should think about and advise me as to how my time can be put to effective use in terms of what we want to convey and how we might want to influence the visitor and what information and insight we might hope to get from him. In the absence of this the appointment is a waste of time.
